

Toronto Region Board of Trade
100 Queens Quay East - Toronto, ON

The Challenge

After 30 years at First Canadian Place, the Toronto Board of Trade, required a dynamic and adaptable workspace to better serve its diverse membership. POI in collaboration with SGH Design Partners and Govan Brown were entrusted with the transformation of their new location on Queens Quay. This comprehensive project involved the reuse of existing Steelcase furniture to support sustainability initiatives, budget efficiency and outfitting the inclusion of an events floor utilizing demountable walls and bespoke meeting room furniture. Additionally, a thoughtfully designed outdoor patio ensured safety and comfort. Taking a holistic approach to design, furniture and architecture, their new space not only met their immediate needs but also resulted in a future-proofed workspace, reinforcing POI's commitment to creating spaces people want to go to in a sustainable forward way.

Project Scope

- Walls
